#### **EDUCATION**

### Bachelor in Computer Science MEA ENGINEERING COLLEGE

2018 - 2023

## DataScience Wahylab Solutions

Internship 2022 - August

#### **SKILLS**

- Programming Languages: Python (NumPy, Pandas, scikit-learn).
- Machine Learning: Regression, Classification, Clustering, Neural Networks.
- Data Analysis: Exploratory Data Analysis (EDA), Feature Engineering.
- Data Visualization: Matplotlib, Seaborn, Tableau
- Tools: Jupyter, Git, SQL

# **Salmanul** Fariz M

Data Science

#### **SUMMARY:**

Data scientist with a strong background in statistical analysis, machine learning, and data visualization. Experienced in leveraging data-driven insights to drive business decisions and solve complex problems. Adept at developing predictive models and delivering actionable recommendations. Strong communication skills and a passion for continuous learning.

#### **EXPERIENCE:**

Data Analyst | Wahylab Solutions | Kochi | August 2023

- Collaborated with cross-functional teams to define project goals and deliverables.
- Cleaned, processed, and analyzed large datasets to extract valuable insights.
- Developed machine learning models to predict customer behavior, resulting in a 15% increase in conversion rate.
- Conducted A/B tests to optimize website layout and improve user engagement.
- Created data visualizations and dashboards to communicate findings to non-technical stakeholders.

#### **CERTIFICATIONS:**

 Data Science Internship | 10th August 2023

• Idea Pitching Competition (IEDC) First prize

Innovation and Entrepreneurship Development Cell (IEDC) is an organized a best idea pitching competition

#### **KEY QUALIFICATIONS & RESPONSIBILITIES:**

- Strong proficiency in Python for data manipulation, analysis, and machine learning
  tasks.
- Skilled in conducting exploratory data analysis (EDA) and feature engineering to extract meaningful patterns from data.
- Develop and implement machine learning models to solve business problems, optimize processes, or improve decision-making.
